

Bayside High School

Dear Bear Families,

The 2008-2009 school year shows great promise at Bayside High, and I'm excited to join the team. As the Principal of Southwest Middle School for the previous seven years, I have met many of you in the past and expect to renew our working relationships. I also look forward to meeting and working with numerous new families.

Over the course of the last decade, Bayside High School has constructed a tradition of success. We hope to build on that firm foundation to provide students the education they deserve and need to become productive members of our adult community. These students are our future, and the future looks bright!

It is of paramount importance that each student takes advantage of the plethora of excellent academic and extra-curricular opportunities made available here at Bayside High School. Although our students are looking and acting like young adults, ironically, this is the time they need their parents' involvement in their lives the most. Let us all work together (students, parents, and educators) to ensure that students demonstrate on-task behavior, a focus on academics, and a genuine concern for others.

Bayside Bears: ENGAGE!

Sincerely,

Robin L. Novelli
Principal
